Fall Challenge Racers:

I am sad to inform you that the planned 2020 Fall Challenge, at Holly Recreation Area, will not go on. After securing the location, making preliminary race plans, and even placing many of the control points in the Winter months, two things happened. The pandemic hit, and then my "day job" workload increased significantly. Given the pandemic, all of the other races that had gotten cancelled, and my work load, I have not done many of the interim steps that I would have done over the Spring and Summer. And now, working nearly 60 hours a week and with less than 7 weeks to race day, I am not able to recover. Fortunately, my schedule in 2021 is going to be much more flexible, and I already have a jump start on a great set of courses at Holly Recreation Area for 2021. I look forward to a great Fall Challenge 2-4-6 in 2021!
